

### BOURBON : Work and Towing boats worldwide

BOURBON values nature and goes for an ecological solution against fouling.

In 4 Years we supplied , hundreds of towing-boats equipped with Harsonic® for Boats after first testing with 4 boats during 1 year

### Type Surfer: Hull of aluminium

#### ALUMINIUM HULL TREATMENT FOR COMPANY BOURBON (FRANCE)

First boats were equipped with Harsonic in 2009. They tried Harsonic on 4 boats and compared the result (after 1 year) with other ultrasound devices and with anti-fouling. The boats with Harsonic showed the best result and since then they have equipped approx 200 vessels of several types such as : - SURFER 19,5m - SURFER 38m - MULTI PURPOSE SUPPLY VESSEL 80m
